Student Resources: <http://bostonreed.com/students/>

Important documents for current and prospective students, including student handbooks, externship information, sample math and English basic skill assessments similar to those used the first class meeting. Course specific resources and other outside resources such as medical terminology and medical math sites as well as career guidance sites and links.

Partner Resources and Services:

<http://bostonreed.com/partners/resources.html>

A wealth of information and resources for schools who currently offer our programs; course outlines, advertising copy and other marketing tools to enhance your outreach.

Technology Services: <http://bostonreed.com/partners/tech.html>

Boston Reed's Online Catalog & Registration System has been expanded into a Comprehensive Data Infrastructure for college non-credit programs, integrating attendance accounting and much more!

Distance Learning: <http://bostonreed.com/partners/distancelearning.html> For all vocational students utilizing the online "Career Garden"

Instructor Development: <http://bostonreed.com/instructors>

Instructor resources including important documents and news.

Employer Resources: <http://bostonreed.com/employers>

Boston Reed has built partnerships with over 5200 healthcare service providers. We work with and encourage employers to give us feedback and host externships so students can complete the externship portion of the program.
